14. Citizen of New Zealand refers to New Zealand citizen connected with New Zealand, Niue, Tokelau and national of Cook Islands.
15. Citizen of Tonga refers to Tongan citizen connected with Kingdom of Tonga except Tongan Protected Person.
16. Methodology of the Travel Freedom Index Calculation
 - I Number of jurisdiction allow visa free access
 - II Number of jurisdiction allow visa on arrival access
 - III Number of jurisdiction allow electronic authorisation prior to arrival
 - IV Number of jurisdiction refused entry
 - V Number of jurisdiction allow visa free, visa on arrival and electronic authorisation access minus the number of jurisdiction refused entry
 - TFI The Index of 1000 is based on the assumption of a citizen able to visit all 252 countries and territories without having a visa, while the Index of -1000 refers to a citizen who would be refused entry to all 252 countries and territories. Each visa on arrival access is counted two-third, electronic authorisation counted one-third of each visa free access, while visa prior to arrival would not be counted based on the 252 countries and territories to 1000 Index scale.
